

INVITATION LETTER

to World Robot Olympiad™ International Final in Hungary

Dear WRO2019 Participant!

We invite you to attend to the XVI. World Robot Olympiad™ International Final 8-10 November 2019 in the city of Győr, Hungary.

WRO™ is an international robot building and programming competition. It aims to bring children and young people closer to science and to encourage them to choose STEM professions.

Edutus University was established in Tatabánya in 1992. Edutus is organizing the WRO™ International Final first time in Europe. We welcome participants from over 70 countries.

More information about the event: <https://wro2019.org/>

National organizers create an account and do the registration for teams via the WRO™ Registration System, which is available here: <https://registration.wro-association.org/>.
